STANDARD GUARANTEE OF THE AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest to the buyer, will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulation Tuberculosis and Bangs Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

Tim Williams Memorial Sale

Builder of the Breed

“With no futile regrets for the past, no fears for the present, and no speculative eye on the future, Tim lived a day at a time, worked his life up into great art and raised Shorthorns to the glory of God.”

F. Leland Watkins

Dakota Business College, Fargo

“It is interesting to contemplate the work of the early masters in breed improvement, to rejoice over their success and to commiserate over their failures. They laid a great foundation and they did their work well. It is the present generation of breeders, however, with which we are most concerned because if they falter, if they are not builders, the work of the founders will have been in vain.”

Will Johnson, Shorthorn World

In this catalog you will find the pedigrees of 5 bulls and 1 female consigned by Ekness Bros. In most foot-notes, except where pertinent information is given, it is usually the opinion of the consignor. We believe it is you, the prospective buyers' opinion, that counts. Therefore we shall refrain from giving any of our own descriptions, but just ask that you visit our stalls at the Winter Show and inspect not only our sale animals but also the animals we are showing in the futurity.

Signed—Ekness Bros.
